The following information must be furnished to the Department of Planning and Zoning to determine if the current use conducted on the premises complies with the special use permit provisions and all other applicable codes and ordinances.

**1. Please describe prior special use permit approval for the subject use.**

Most recent Special Use Permit # 2014-0073

Date approved: 11 / 15 / 2014  
month day year

Name of applicant on most recent special use permit Hamood Abutaa

Use Gas Station/Automobile Service Station

**2. Describe below the nature of the existing operation in detail** so that the Department of Planning and Zoning can understand the nature of the change in operation; include information regarding type of operation, number of patrons served, number of employees, parking availability, etc. (Attach additional sheets if necessary.)

This site is a Gas Station with Automobile Service Station bays.  
The applicant has made and continues to make changes to the site to bring  
his business to a state of cleanliness and <sup>class</sup> cleanliness that the neighborhood desires  
and deserves. Currently, this site operates from 6AM-9PM, Monday - Saturday, and  
9AM-9PM on Sundays, serving upwards of 10-15 patrons on the Route 1 corridor.  
Besides operating a busy and well-reviewed service station, the applicant's gas station  
serves thousands of travelers each week, many of whom stop to fill up before getting  
on the beltway (this is the last gas station before the beltway). The site has 9 parking  
spaces available at 442 N. Henry St., and additional <sup>off-street</sup> parking is available at the  
1106 Oronoco St. parking lot behind. The applicant employs between 2-5 employees  
at a time during the workday, staffing both the gas and automobile service stations.  
An extension of operating hours would help the applicant meet customers' demand for  
more available hours at the service station on weekends, and for later gas station  
hours during busy evening hours. Mr. Abutaa has worked very hard to prove himself  
a good corporate citizen and promises to continue to do so, should the request be granted.

3. Describe any proposed changes to the business from what was represented to the Planning Commission and City Council during the special use permit approval process, including any proposed changes in the nature of the activity, the number and type of patrons, the number of employees, the hours, how parking is to be provided for employees and patrons, any noise emitted by the use, etc. (Attach additional sheets if necessary)

The applicant proposes a minor amendment to the original SUP (#2014-0073), which would alter the operating hours of the Gas Station and Automobile Service Station within the allowed two-hour extension limit detailed in the Alexandria City Code, Section 11-511 (A)(2). The proposed amendment would extend operating hours from the current 9:00AM-9:00PM on Sundays to 7:00AM-9:00PM on Sundays, and from the current 6:00AM-9:00PM Monday-Saturday to 6:00AM-10:00PM Monday-Saturday. The applicant is thereby requesting an extension of operating hours to include two additional hours in the morning on Sundays and only one additional evening hour Monday-Saturday. This change will allow the applicant/owner to be open during busy weekend hours when customers are most desirous of Automobile Service Station services, and to meet the need of drivers passing through the area during busy evening hours who need to stop for gas before getting on the beltway. The proposed changes are in accordance with Staff's assertion at the City Council Public Hearing <sup>that</sup> ~~which~~ took place on November 15, 2014, in which the matter of extended hours at 442 N. Henry St. was originally discussed, that Mr. Abutaa could come back to file an ASUP for extended hours later if he proved himself a good corporate citizen, as long as the request was limited to only two additional hours.
